How will my application be assessed?

Staff convene an expert panel to consider all eligible grant applications submitted to each grant deadline. The expert panel assesses the merit of each application both on its own terms and in relation to all other applications received for a given deadline.

Assessment of a project is based on the following general criteria

- artistic vision and merit of the project
- demonstrated school commitment and involvement in the project
- demonstrated benefits to students
- exposure to and involvement of students in the creative process
- demonstrated qualifications of the artist, both as a practicing professional artist and in delivering arts programming to youth
- the appropriateness of the project expense

Other criteria that may be given priority include:

- high-needs schools

- schools with low enrollment
- schools that have not previously received funding for an Artists and Education residency
- the impact of the project on the community

All expert panel recommendations are reviewed by the AFA at their June board meeting and all decisions are final. Funding is not assured for any project.
